YCCA Online Tutoring and Mentorship Platform

A virtual support system designed to help youth aged 13–25 access academic tutoring, mentorship, mental wellness support, and career guidance — anytime, anywhere.

Summary of Proposal:

- ✓ Removes transportation and scheduling barriers
- ✓ Includes mentor matching, scheduling, messaging, video support
- ✓ Low-cost, scalable, nonprofit-aligned digital solution
- ✓ Project duration: **36 working days**, estimated cost: **\$2,643 CAD**
- ✓ Recommended as highly **feasible**, sustainable & mission-aligned

Why this platform is needed:

- Youth face barriers: location, transportation, scheduling, limited mentors
- YCCA's goal: Increase access to academic & emotional support digitally
- Proposed solution: 24/7 online platform using matching, scheduling & guides

Strategic Benefits:

- ✓ Greater reach to rural & low-income youth
- ✓ Volunteer flexibility
- ✓ Stronger donor and partnership visibility

Project Charter

- **Project Duration:** Oct 1, 2025 – Mar 1, 2026
- **Budget:** CAD \$2,643
- **Project Manager:** Mohamed Elalkamy, YCCA Volunteer Coordinator

YCCA Online Tutoring and Mentorship Platform					• Demonstrated improvement in youth engagement, accessibility, and program tracking.																												
Project Start Date: October 1, 2025 Project End Date: March 1, 2026																																	
Budget Information: Estimated budget of CAD \$2,643, allocated for platform development, volunteer training and onboarding materials, hosting services, content creation, and community outreach.																																	
Project Manager: Mohamed Elalkamy, Youth Connect Center Association (YCCA) Volunteer Coordinator and Program Support contact@ycca.ca +1 (604) 555-8742 (official format, fictional contact)																																	
Project Objectives: Develop and launch a secure web-based platform that allows YCCA to deliver free tutoring, mentorship, career guidance, emotional support, and digital resources to youth ages 13–25 across the Fraser Valley and remote regions. Improve service accessibility by reducing barriers such as transportation, scheduling conflicts, and location limitations. Provide a mentor-youth matching system , session scheduling, resource sharing, and communication tools to enhance engagement and program effectiveness. Support YCCA's mission of “Empowering youth through accessible support, mentorship, and learning opportunities.”					Approach: Use low-cost web development, leveraging volunteers, WordPress/LMS-embedded systems, and secure cloud hosting solutions. Apply a hybrid PM approach (Waterfall for planning & Agile sprint cycles for development and testing). Conduct bi-weekly review meetings with YCCA leadership, youth representatives, and volunteer mentors. Integrate resource-sharing features (PDF, worksheets, guides) aligned with YCCA's existing workshops and tutoring programs. Use data tracking to monitor youth participation and support outcomes.																												
Success Criteria: • Platform fully functional and operational for youth users by March 31, 2026. • At least 60 youth users and 15 volunteer mentors/tutors registered during the first two months. • Minimum 80% satisfaction rating from youth and volunteer surveys after launch. • Secure login, messaging, and data protection meet basic privacy compliance for non-profit youth programs.

					Comments: • YCCA leadership approved the idea of expanding tutoring to an online format to reach more youth. • Partner Schools (SD34 & SD33) appreciated the potential for coordinated referral systems. • Youth participants emphasized the need for easy scheduling, privacy, and access to homework help online.																												

To deliver the YCCA Online Tutoring & Mentorship Platform successfully.

Project Scope Includes:

- ✓ Development of web-based platform for youth tutoring & mentorship
- ✓ Features: user registration, mentor matching, session scheduling, secure chat/video, resource sharing
- ✓ Digital library for academic, career, and wellness support
- ✓ Volunteer onboarding & training module
- ✓ Pilot launch, training, and feedback collection

Not in Scope (Excluded):

- ✗ Native mobile application
- ✗ Physical expansion of YCCA centers
- ✗ Paid staff hiring
- ✗ Development of AI or advanced analytics features (Phase 2)

WBS Code	Task Name / Description
1.0	Launch YCCA Youth Mentorship Program
1.1	Program Planning & Research
1.1.1	Define mentorship goals and objectives
1.1.2	Conduct youth and community needs assessments
1.1.3	Research existing mentorship frameworks
1.1.4	Develop a detailed implementation plan
1.2	Onboard Learning & Development
1.2.1	Create mentor and mentee orientation materials
1.2.2	Organize onboarding and interactive sessions
1.2.3	Develop guidelines for quality and performance standards
1.2.4	Conduct feedback and readiness assessments before launch
1.3	Create Learning Content
1.3.1	Design mentorship handbook and resource toolkit
1.3.2	Develop online learning materials and visual content
1.3.3	Review and edit materials for accuracy and clarity
1.3.4	Validate final content for implementation and training use

Scope & Quality Management

Quality Management Overview

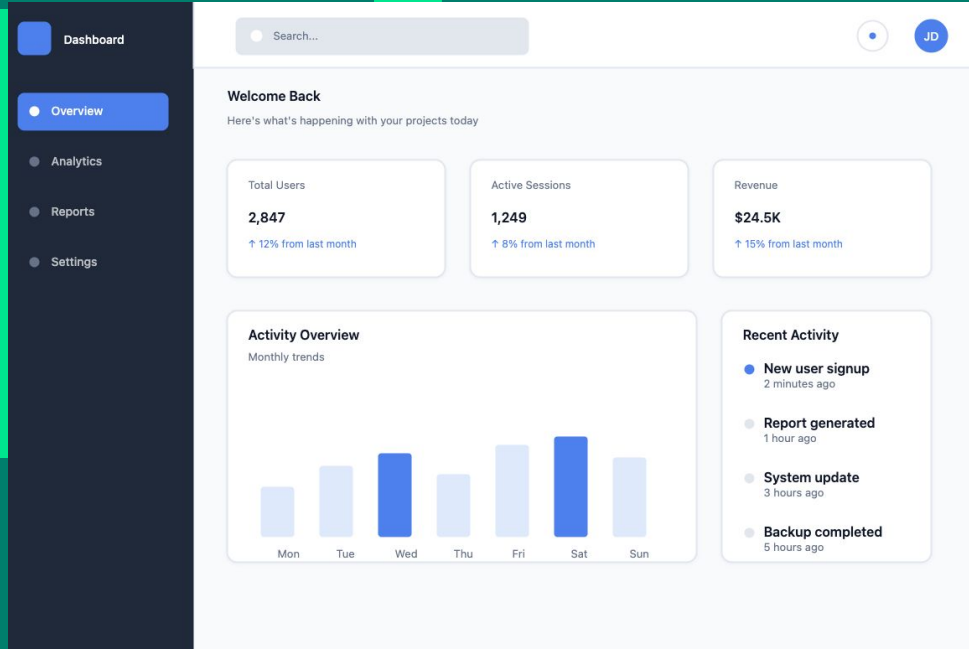

- Ensures the platform meets youth needs
- Emphasis on **reliability, performance, usability**

Functionality & Features

- Consistent core functions
- Accurate tutor–youth matching
- Secure login & data protection
- Easy-to-use session scheduling

System Outputs

- Accurate match results
- Clear admin/tutor dashboards
- Activity logs & tracking
- Reliable notification system

Cost Management

Cost Management Overview:

- Framework Development - \$438
- Needs Assessment - \$435
- Implementation Planning - \$380
- Handbook & toolkit Design - \$650
- Online Materials Development - \$440

Performance, Maintainability & HR Management

- Performance & Reliability

- Fast loading times
- Stable under high activity
- Minimal downtime
- Error-handling for failures

- Maintainability

- Modular code structure
- Easy updates and scalable infrastructure
- Clear documentation for future developers

- HR Management Overview

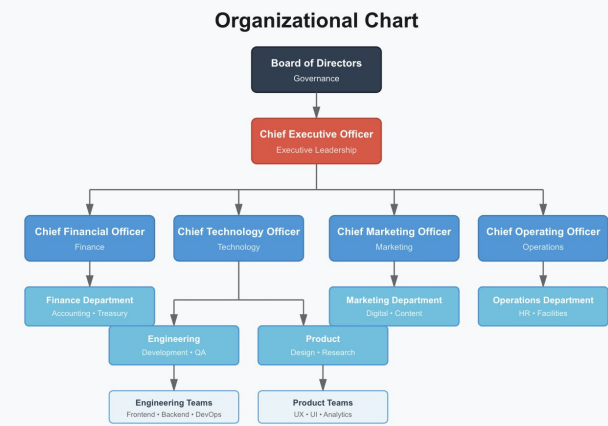

- Defines team structure, roles, and collaboration
- Ensures effective coordination

- Organizational Chart

- Executive Director / Sponsor
- Project Manager
- IT Development Team Lead
- Developers
- Tutor/Mentor Volunteers

- Responsibility Assignment Matrix (RAM)

- Defines: Responsible, Accountable, Consulted, informed
- Key Roles: PM, Dev Lead, Volunteer Lead, Tutors
- Supports coordination & accountability

Communications Management

Communications Management Overview:

- Executive Director/ Sponsor
- Web Development Team
- Volunteer Mentor/ Tutor Team
- Youth Users
- Partner Organizations

Stakeholder Management

A Rundown of the YCCA's Stakeholder Management

- Executive Director
- Volunteer and Tutor Coordinator
- Tutor/Mentors
- Students
- Web Development Team
- School Counsellor

Name	Position	Internal/External	Power/Interest	Project Role	Contact Information
Martin Luis	Executive Director	Internal	High Power/ High Interest	YCCA Executive Director	Martin_Luis@ycca.org
Steven Jackson	Volunteer & Tutor Coordinator	Internal	Medium Power/ High Interest	YCCA Volunteer & Tutor Coordinator	Steven_Jackson@ycca.org
Lisa Jones	Lead Tutor/Mentor	External and Internal	Low Power/ High Interest	Tutors/Mentors	Lisa_Jones@ycca.org
Michelle Caswell	Student User Representative	External	Low Power/ High Interest	Youth Users (Students)	Michelle_Caswell@ycca.org
David Davies	Lead Developer	Internal	Medium Power/ Medium Interest	YCCA Web Development Team	David_Davies@ycca.org
Ryan Walker	School Counsellor	External	Medium Power/ Medium Interest	School Counsellors	Ryan_Walker@ycca.org

Conclusion

- Is the project doable?
- What are the key takeaways?
- What is the main objective?

THANK
YOU!
